

Please do not preempt Indiana's Telephone Privacy law. Each state should be able to institute a rule conforming to its residents' wishes. Our current law has vastly improved our home life. We used to receive 10-15 calls per week. Now we receive only 1-2. We personally feel that should we desire such services as are being sold by telemarketers, we will contact them ourselves. Our privacy is of great importance to us, and the current Indiana Telephone Privacy law is safeguarding it.
